(The details (b) and (c) have to be mentioned in the Proforma also). Scan and make a single pdf of the page(s) with annotations as mentioned above with the name of file same as (c) in this step, i.e., Annuexure-1, etc.

Compose an email to: **objectionrectmpuat@gmail.com** from your email-ID mentioned in the application with the subject of the email as “Objections for Screening Test<Post><Subject>”. Attach the filled in Proforma file as an attachment. The file should be in **MS-word format only, any other format will not be considered**. Also attach the Proofs as Annexure-1, Anexure-2, etc. as

described in step No. 3. *Failure to exactly comply with these instruction may lead to your objections not being considered.*

6. Send the filled in Proforma along with the scanned copies of proofs prepared as per Step-2 and Step-3 above as attachment in the email.
7. **Objection received after the specified time shall not be considered** and any delay due to failure of network or problem in email system at the candidate's end shall not be considered.
